

## **SAMPLE ANALYSIS** **PRICE ANNOUNCEMENT**

All items are priced in US dollars. We accept Visa, Mastercard, American Express and Discover. We also accept wire transfers. **No returns or refunds accepted.** Analysis results are available two-working-days after samples are received.

### **New Analysis Pricing!**

**ELISA Technologies, Inc. is pleased to inform our customers about our new analysis pricing strategy!**

**ELISA Technologies, Inc. is an ISO Certified Laboratory**

## **MEAT SPECIATION    ALLERGENS    VETERINARY DRUGS**

**ELISA Technologies, Inc.** offers in-house testing services for meat speciation (cooked & raw), a variety of allergens (please refer to the sample analysis forms for specifics), as well as for veterinary drugs. We offer a two-working-day turn around time on results from the time we receive a sample. We are happy to announce a new pricing structure for our analytical testing services! In an effort to make our testing prices more competitive, we have reduced speciation testing to \$75 per sample, with veterinary drug testing at \$200 per sample. We have also reduced the pricing for a variety of our allergen tests. We are very pleased to be able to offer you savings on all of our in-house testing services. Our support staff will fax the listed contact person the results as soon as the results are available from our laboratory. We then mail the original report to the listed contact person. Our testing services are highly confidential; information is only reported to the issuing company and then only to their indicated contact person.
